SUBJECT: QUESTION POSED BY THE LEGISLATURE QUESTION 5.ED028

PURPOSE:

With regard to smart boards roll out program, will the MEC please indicate:

QUESTION 1:

Is the Department aware that not all township schools have smart boards?

ANSWER:

Yes. The Department is aware of township schools that do not have smart boards.

QUESTION 2:

Why the MEC has indicated that all township schools have smart boards while this is not the case?

ANSWER:

The MEC is on record indicating that the ICT rollout for 2015/16 would cover the Grade 11 and 12 in no-fee paying schools. However, it is only in 2017/18 financial year that the programme included the Grade 11 and 12 township fee-paying schools. The rollout to the township fee-paying schools will be completed in June 2018.

QUESTION 3:

Which schools in township have benefitted from this program? (Please provide their name and address).

ANSWER:

Please see the attached document (Annexure A) for a comprehensive list of schools within the scope of this project.

QUESTION 4:

By what date will they benefit?

ANSWER:

Please see (3) above.

QUESTION 5:

What is causing the delay for these schools not to have smart boards?

ANSWER:

The cause of the delay is related to infrastructure and security in schools which are currently being resolved. The classrooms need to be converted to meet the minimum ICT readiness/requirements before any ICT device can be installed. However, schools that have badly dilapidated infrastructure have been included on the alternative construction technology (ACT) project.

QUESTION 7:

Is the Department satisfied that service provider/s have completed the project?

ANSWER:

The Department is satisfied with most of the service providers but has registered concerns and even terminated contracts of underperforming service providers.

QUESTION 8:

What are the names and company registration numbers of the service providers contracted to this project?

ANSWER:

The table below indicates the service provider contracted to the project.

Name of the service provider	Registration number	Amount paid	Services	Smart boards provided
Bongani Rainmaker Logistics	2004/004524/07	R82 074 423.76	<ul style="list-style-type: none">• Sourcing;• Preparation and Distribution;• monitoring and tracking;• retrieval of smartboards	550

QUESTION 9:

How much has been paid to each service provider/s in (8) and how many smart boards has each service provider provided?

ANSWER:

Please see (8) below.

QUESTION 10:

Is there a monitoring facility to check if all smart boards are being utilized and still at the schools? (Please provide details)

ANSWER:

Yes. The contracted service provider (Bongani Rainmaker Logistics) has a monitoring facility to view all the smart boards all the time and this is the primary source of monitoring and tracking. The utilization of the smart boards can also be monitored through the GDE e-Book Reader, and each smart board is installed with this application to host all the e-content used in the classrooms.

Kind Regards
