## **FREE STATE PETITION TO NATIONAL PARLIAMENT ON IMPLEMENTATION OF THE NATIONAL HEALTH INSURANCE (NHI) IN SOUTH AFRICA.**

We as the Free State Provincial Government together with the communities of our province and the society at large, pledge our support for the finalization of the National Health Insurance (NHI) Bill and it being enacted into law. We hold the view that the National Health Insurance is pro-poor and will benefit the vast majority of our communities.

The NHI is an insurance that the government will use to purchase and subsidise the South Africans who are not able to access health services due to financial barriers. Government through NHI Fund will collect revenue for the purchasing of health services in the spirit of social solidarity. The collected revenue will be used as National Health Insurance.

We the undersigned members of the provincial government led by the Hon Premier of the Province; Sisi Ntombela together with members of our society commit in person and otherwise to support all the processes, initiatives and ramifications undertaken by government to implement the National Health Insurance:
