FOR WRITTEN REPLY

QUESTION 945

DATE OF PUBLICATION IN INTERNAL QUESTION PAPER: 18 MARCH 2022
(INTERNAL QUESTION PAPER NO 11-2022)

945. Mr A G Whitfield (DA) to ask the Minister of Police:

With reference to the Public Order Police Unit, (a) by what date will recruitment of the shortfall of approximately 6 000 officers to the specified unit commence, (b) what is the (i) current intake for the 2020-21 financial year and (ii) projected intake for the 2021-22 financial year, (c) what total number of vehicles are (i) currently operational and (ii) not operational and what are the relevant details thereof in each case and (d) what is the current total number of firearms and ammunition?

NW1188E

REPLY:

- (a) The South African Police Service (SAPS): Human Resource Management Plan, for 2022/2023, is for 4 000 new police recruits to be trained and allocated to capacitate the Public Order Policing (POP). The training of the recruits will commence, in April 2022 and conclude, in December 2022, after which they will report to POP units.
- (b)(i)(ii) The SAPS was not able to train police recruits, in 2020/2021 and 2021/2022, due to the COVID-19 Pandemic and the Regulations promulgated, in terms of the Disaster Management Act, which placed restrictions on gatherings.
- (c)(i)(ii) As at 14 April 2022, the information regarding the number of vehicles operational, not operational and the relevant details thereof, in each case, is attached as **annexure A**.
- (d) The number of firearms and ammunition of the POP, is of an operational and tactical nature and making this information available, may compromise the operational integrity and negatively affect national security.
