SUBJECT:	Question to Council re Extension 4 sites

Good morning Mr Masejane,

With reference to section 52 of the Standing Rules and orders, I intend to ask the following questions in the next Ordinary Council meeting of the Mantsopa Council.

1. Has the list of beneficiaries of sites in Extension 4 of Mantsopa in Ward 7 situation behind the traffic department been completed?
2. When will a copy of the revised list return to Council?
3. How long after the list has come to the council, when will the beneficiaries of the sites be notified?
4. How long after the site lists have been confirmed and the beneficiaries have been notified, will the beneficiaries be allowed to move on to the sites allocated to them?

This matter has been dragging on since 2016 and has been raised in Council and in Community meetings many times. This matter is a burning issue in ward 7 and needs to be resolved sooner rather than later, to prevent the community who are being denied land, to take matters into their own hands.

Kind regards

Tania Halse
