Dear Minister

APPOINTMENT

Minister, on the 8th of March 2023, a media statement was issued by your office that the DMV Director General was suspended, but since then, we have not heard anything from your office whether an Acting Director has been appointed or not.

If the Acting Director General has been appointed, could you please furnish me with details including the date of appointment.

If the Minister has not appointed an Acting Director General, I appeal to you to effect the appointment forthwith. Further delay will lead to mismanagement of funds and mal administration within DMV and will hinder the delivery of benefits to military veterans.

Your co-operation will be highly appreciated.

Kind regards

Maliyakhe Shelembe, MP
