SUBJECT: PETITION FOR URGENT INTERVENTIONS TO ADDRESS SAFETY CONCERNS AND CRIME HOTSPOTS IN COLORADO PARK, MITCHELL'S PLAIN

Dear Minister,

We, the undersigned residents of Colorado Park, Mitchell's Plain, write this petition with a sense of urgency to bring your attention to the alarming increase in safety concerns and crime hotspots in our community. We humbly request the national government's immediate attention and intervention to address the escalating issues related to hijackings and the underutilized government-owned land alongside the R300 in our area.

Safety is a fundamental human right, and it is disheartening to witness the growing fear and insecurity among the residents of Colorado Park. Incidents of hijackings have become all too common, causing significant distress, trauma, and economic losses for the victims. We firmly believe that everyone deserves to live in a secure environment, free from the constant fear of being targeted by criminals.

Furthermore, we draw your attention to the underutilized government-owned land alongside the R300, which has become a breeding ground for criminal activities. The lack of proper monitoring, maintenance, and utilization of this land has created an environment conducive to crime. It is our firm belief that addressing this issue will not only enhance safety but also provide opportunities for community development and economic growth.

Considering the above, we respectfully request the following urgent interventions from the national government:

1. We urge the national government to immediately urgently fence their own land. This has been requested by the Western Cape MEC's of Public Works on numerous occasions, but no feedback has been received.
2. The National Government to give approval for other parties to take ownership of the said land and utilize it for community benefits.

We, the undersigned residents, firmly believe that urgent interventions in these areas will significantly contribute to reducing crime, improving safety, and fostering a vibrant and secure community in Colorado Park, Mitchell's Plain. We kindly request your prompt attention to our petition and look forward to a positive response outlining the actions to be taken to address our concerns.

Thank you for your consideration and commitment to ensuring the well-being of the residents of Colorado Park.

Yours sincerely,

Colorado Park Community
