Attention: Hon. Chiliza
Chairperson Community Safety and Liaison
KZN Legislature
Kwa-Zulu Natal

24 July 2023

Dear Hon. Chiliza

RE: SAPS to Report on N2 Highway Attacks on Motorists

The increase in Highway attacks against motorists continues to affect the safety of road users in our province. I note that SAPS has initiated a task team to address these criminal activities, which have also led to a few arrests.

I write you, to request a report to be submitted to the Community Safety Portfolio Committee relating to these incidents. It would be appreciated if SAPS is able to also report on the successes and challenges. In addition, the contribution from the:

- eThekweni Municipality with respect to the functioning or non-functioning cameras
- Metro Police law enforcement and patrols
- eThekweni Municipality Parks and Garden Department
- Department of Transport - Road and verge maintenance

This valued report would assist to identify the symptoms of the problems and possibly identify new and modern solutions.

Your assistance in this regard is highly appreciated.

Regards

Sharon Hoosen, MPL - DA's KZN Spokesperson on Community and Liaison
