Mornings leadership, I'm going to apply for this post at MBDA. I meet the requirements for item number 1. I'm registered to do my post grad this year, meaning I meet the requirement for item number 2. I only need to complete 2 unit standards in order to comply with item number 3, I have completed 24 unit standards already. So I don't need 18 months. I have accumulated more than 7 years of managerial experience in local government .

So leadership we must promote our own, if all requirements are met, I like the statement of our President of the NA, you don't draw a salary at pick a pay, if you work at checkers, this are exactly those type of situations 🤔

Leader Allister,

I actually recruited Glenda.

But you and i will have a one on one re this.

It's been a year already, and we still can't get u employed, even though u are more than suitably qualified for many jobs in the municipality.

Asking for more time is probably the last thing u wanna hear from me, so I'll just say, "Let's talk!" and we'll take it from there.

I'm sorry that it's taking so long.
