cc: Director Fleet- Dhanesh Rampersadh

cc: Speaker of Council- Cllr G Govender

Vehicles for Political Office Bearers

I wish to formalize my concerns to the Municipal Manager in relation to fleet allocation for political office bearers. You will be aware that the gazetted regulations for fleet procured and allocated to political office bearers are clear around the replacement and hiring of vehicles for the Mayor and Deputy Mayor. As such, can the municipal manager please provide clarification on the following:

- What factors have informed the hiring of a main vehicle for the Mayor and a vehicle for the Deputy Mayor
- Have both KDM 1 and 3 reached the 120 000km threshold or have they faced any mechanical failure that warrants hiring or replacement of vehicles
- Please advise when the vehicle bearing registration KDM251 was procured and for what purpose
- What is the financial implication of the above transactions and will the hire and procurement of the above mentioned vehicles result in wasteful expenditure

I trust that the Municipal Manager will acknowledge my correspondence and provide a comprehensive response as a matter of urgency. You will be aware that in your capacity as the Accounting Officer, you remain a custodian of the public purse in KwaDukuza.

Sincerely

Cllr Privi Makhan

Caucus Whip- DA Caucus Leader
