Dear MEC Williams

**RE: PROPOSED OVERSIGHT ON WATER OUTAGES IN WESTERN SUBURBS OF
BUFFALO CITY METROPOLITAN MUNICIPALITY**

Noting that a letter was sent to your office dated the 18th of March 2025, inviting your office to a proposed oversight over the current water outages affecting the western areas of Buffalo City Metropolitan Municipality, including but not limited to Kaysers Beach, Kidds Beach and Ncerha Village 2, 3 & 4. Further to this other parts of BCM have also started to experience intermittent water supply, with communities of Bhisho and surrounds suffering days on end without water. Notably, the Eastern Cape Provincial Legislature, a National Key Point has for weeks now also had its operations disrupted by these outages.

I would like to extend this invitation once again to your office, as the MEC responsible for Cooperative Governance and Traditional Affairs, to conduct a joint oversight over the affected communities at your earliest convenience.

I look forward to hearing from you with a proposed date.

L KRUGER, MPL
