2. (b), (c) & (d) The risk category of each parolee (per area) and crime that each was originally convicted for is attached as **Annexure A:**
2. The requirements for visitation per category are determined after the risk assessment upon admission in community corrections. All offenders (probationers and parolees) are subjected to the admission risk classification tool in order to determine the frequency and type of supervision required or to determine the level of supervision required at the time of admission at community corrections.

(a)

Category	Number of visitations	SAPS involvement
(i) High	08 contacts per month	Monthly admission lists / monitoring lists into their policing precinct/physically monitoring of parolees/probationers
(ii) Medium	04 contacts per month	Monthly admission lists / monitoring lists into their policing precinct/ physically monitoring of parolees/probationers
(iii) Low	02 contacts per month	Monthly admission lists / monitoring lists into their policing precinct/ physically monitoring of parolees/probationers

(b) the working relationship with SAPS is based on the following:

- All parolees and probationers are being reported to the criminal record centre for possible identification for previous offences, or as wanted criminals, etc.
- When parolees violate conditions by absconding, they are reported to SAPS, who will assist in tracing.
- DCS collaborate with SAPS in crime awareness campaigns.
- SAPS is involved in DCS special operations like special monitoring, tracing absconders, victim offender dialogues, during parole board sittings, Izimbizo etc.
- The department provides SAPS with monitoring lists on weekly and monthly basis with new admissions to assist with monitoring.
- In the event of high profiles and lifers we inform them before hand
- SAPS is also assisting during raids, and they arrest those offenders where warrants of arrest were issued and declared as absconders.

3. (a) Number of visits Per Parolee is attached as **Annexure B**.

(b) Reoffending (revocations)

The table indicates the number of parolees who committed crime (re-offended) while serving parole and their parole was revoked.

(d) When a parolee, while still serving a parole, commits a crime(re-offend) the parolee is referred to the parole board for revocation. This is done after a thorough investigation is conducted and the sitting is held by the Supervision Committee. Referral to the Parole Board depends on the length of the sentence (Authority to revoke all offenders sentenced below 24 months lies with the Head of centre and the offenders above 24 months are referred to Parole Board who takes a decision to revoke.

(4) (a)

- The non-compliance with conditions is dealt with in (Chapter 7) of the Volume 5 Revised Procedure Manual: Supervision (unit 1-8);
- When an offender violates any of the set conditions, he/she must be summoned to the office or served with a notification to report to his / her Reintegration Case Management Supervisor (RCMS);
- The offender must be given an opportunity to explain the reasons for non-compliance to the RCMS;
- The RCMS must obtain / take down a sworn statement / written acknowledgement regarding the reasons for non-compliance;
- In a case of a violation for which the offender can provide an acceptable and verifiable excuse, he / she may receive a verbal or written warning or final warning. Minor repeat violations are referred to the Supervision Committee to make recommendations to the Head of Community Corrections for a decision; and

(a) (i) & (ii) In what circumstances could verbal or letter of warning be issued

1. Failure to attend programmes
2. Failure to comply with the conditions
3. Failure to comply with the instruction of the Reintegration Case official
4. Failure to comply with conditions as ordered by the courts/Parole board not to use alcohol/drugs
5. Failure to submit proof of payment (compensation)
6. Failure to report on scheduled dates and agreed (office appointment)
7. Failure to report at Community Service institution/failure to complete hours of community service
8. An offender who deliberately disobey a lawful instruction by Case officer.

9. Offenders who avoid being monitored by correctional officials.
10. Offenders who avoid being searched by correctional officials.

(b) in how many instances has a (i) verbal or (ii) letter of warning been issued

- (i) verbal warning total = 22 (Not being at home when visited)
- (ii) letter of written warning = 8 (for Unruly behaviour)

Mostly it is because of minor violations, and some have both verbal and written warnings for the same contravention in different periods.
