

**279. Hon. D Masoeu (DA) asks the Hon. MEC responsible for Health: Mr. M Mahlatsi.**

Regarding boilers in hospitals across the Free State:

1. What is the Department's maintenance and service plan for boilers in hospitals?
2. In the past five financial years, how many boilers were (a) serviced, (b) maintained and (c) repaired? Please provide a list of hospitals per category.
3. How much has the Department spent on the servicing, maintaining and repairing of boilers in the past five financial years?
4. How much has the Department allocated and spent to date on the servicing, maintaining and repairing of boilers in the current financial year?
5. How many boilers are currently due for service, repairs and maintenance, and what is the estimated timeframe to complete required work? Please provide a list of the hospitals.
6. Does the Department have an approved service provider for maintenance, service and repairs of boilers? If so, who is the service provider and when were they appointed? If not, when does the Department intend to appoint a service provider?

**NO RESPONSE**

**RESPONSE 17/08/2026**

**1.** We have a 36-Month Maintenance Framework Contract that caters for Servicing and Repairs of Boilers. The maintenance plan for boilers is annual service and 36-Monthly Statutory Inspections as well as attending to breakdown repairs as and when needed.
